Notes

- The schemas for the test FOAs listed in this document can be accessed via the Grants.gov web service or using the following links:
PA-40-000: <http://at07apply.grants.gov/apply/opportunities/schemas/applicant/oppPA-40-000-cfda93.396-cidCOMPLEX-COMPID.xsd>
PA-40-001: <http://at07apply.grants.gov/apply/opportunities/schemas/applicant/oppPA-40-001-cfda93.396-cidCOMPLEX-COMPID.xsd>
PA-40-002: <http://at07apply.grants.gov/apply/opportunities/schemas/applicant/oppPA-40-002-cidCOMPLEX-COMPID.xsd>
- The schemas are nested. For example, PA-40-000 consists of the Overall component and an Uber-Component.
 - To get to the opportunity schema for PA-40-000, you can provide the link above in your browser (<http://at07apply.grants.gov/apply/opportunities/schemas/applicant/oppPA-40-000-cfda93.396-cidCOMPLEX-COMPID.xsd>)
 - To get to the Overall component for PA-40-000 you would use <http://at07apply.grants.gov/apply/opportunities/schemas/applicant/oppPA-40-000-cfda93.396-cidCOMPLEX-COMPID/Overall.xsd> found within the opportunity schema.
 - To get to the Uber-Component component for PA-40-000 you would use <http://at07apply.grants.gov/apply/opportunities/schemas/applicant/oppPA-40-000-cfda93.396-cidCOMPLEX-COMPID/Uber-Component.xsd> found within the opportunity schema.
- Items to consider when building your XML:
 - Grants.gov will enforce that components are presented in the order defined in the opportunity schema. For example, for PA-40-001 you would need to present your components in the XML in the following order: Overall, all Admin Core components, all Core components, all Project components.
 - Overall will always be the first component.
 - The forms within a component can be provided in any order.
