The complaint we recently received on UW Madison regarding the alleged mistreatment of a cat on a research study also went to OLAW. Because of the issues involved, the timing, public perception/concern, etc., we would like to schedule a conference call with each of you next week along with Axel Wolf from OLAW to discuss the issues. Also, please have a look at the email below which was just sent to [Name]. It raises even more concerns and we would like to discuss this at the same time.

Please let me know when you are available for a call – I'd like to do this on Monday if possible. Once I have a time, I'll schedule a bridge line for the call.
