eSubmission Grant Image Document

1. Introduction

This **Grant Image Document** contains specifications for generating grant images for electronic applications being submitted through the eRA Exchange, through grants.gov (424 R&R plus agency-specific). It is referenced from the eSubmission Supplementary Specification.

2. Grant Image Requirements

Once the incoming 424 R&R/PHS-specific application datastream has been parsed and validated, a grant image shall be rendered for the grant folder, in PDF format. This grant image shall approximate the appearance of the corresponding Adobe forms, as much as practical. An exact replica of the forms' *appearance* is not strictly required, although it is highly desired that the system shall produce an image that is reasonably similar, in its presentation of the information.

The grant image generation should be dependent on the version of the schema being processed; the grant image as displayed should be a replica of the Adobe form version that was submitted.

The relative order and position of information presented in the grant image must match the order in which it appears on the Adobe forms, except as indicated below. The order of pages in the grant image is as follows for all Grant image other than Training Grant:

Form pages that include an ‘Add Attachment’ button should display the file identifier for any corresponding attachment that was attached. Pages should only be included if the corresponding form has been submitted.

2.1 Headers and Footers

A header should be generated at the top of each page except the first page of the SF 424 R&R Face Page, consisting of the PI name (Principal Investigator/Program Director (last, First, Middle).

In addition to footer images included as part of the grants.gov transmission, a consistent set of ascending page numbers must appear on the generated grant image as part of the footer. On pages that are generated from attachments, the name of the attachment (e.g., ‘Research Design and Methods’) should be included as part of the footer.

For applications in response to VA opportunities, prefix ‘VA’ to the front of the form and attachment names in the footer.

2.2 Special Considerations for the Table of Contents

A table of contents page must be generated and included in the grant image immediately after the SF 424 (R&R) face pages (and after any attachments that have been submitted that are associated with the face page), to allow a user viewing a printed copy to locate the pages where each of the submitted forms appears in the grant image.

Populate the Table of Contents with page numbers that accurately reflect the pages in the grant image.

If any Appendix attachments have been included, display the number of attachments for the Appendix in the appropriate location on the Table of Contents. If they have not been included, don't display 'Appendix' on the Table of Contents.

2.3 Special Considerations for the 424 R&R Cover Pages

If a pre-Application attachment and/or SFLLL or Other Explanatory Documentation attachment have been included in the submission, generate them in the grant image after the 424 RR Cover.

The cover letter attachment and the Assignment Request form should not be generated as part of the grant image. Instead, it should be stored as a separate image in the grant folder, accessible only to DRR users.

2.4 Special Considerations for the R&R Project/Performance Site Locations Page

If any additional location attachments are included, they should be placed in the grant image after the page(s) with the structured performance site information.

2.5 Special Considerations for the R&R Other Project Information Page

If any associated attachments are included (Project Summary/Abstract, Project Narrative (Public Health Relevance Statement), Bibliography & References Cited (except if the PHS398 Research Plan is included then see special considerations for PHS Research Plan section), Facilities & Other Resources, Equipment, Other Attachments), they should be included in the grant image immediately after the Other Project Information page. If multiple 'Other Attachments' attachments are included, they should all be displayed in the grant image.

Except as indicated for specific mechanisms in 'Special Considerations for Specific Submission Types', bookmark each Other Attachment attachment based on the name of the file submitted.

2.6 Special Considerations for the R&R Senior/Key Person Pages

Generate the page for all Senior/Key Persons submitted as part of the structured data first. After that, include attachments for each biosketch, with each biosketch followed by the corresponding attachments. Lastly, include the attachment for Additional Senior/Key Person Profiles, followed by the Additional Biographical Sketches attachment, followed by the Additional Current and Pending Support attachment.

2.7 Special Considerations for the R&R 5 and 10 Year Budget Pages

If attachments have been included for the additional Senior Key Persons or Additional Equipment, generate them in the grant image after the budget for the year in which they are submitted. The Budget Justification attachment should be generated after the last year of the budget, since there is only one Budget Justification for all years of the budget.

Any budgets that are received with a type of 'subaward/consortium' should be placed in the grant image after the 'project' budget and cumulative budget pages, with a Table of Contents and bookmark entry for 'Research and Related Consortium Budget'. Each subaward/consortium budget should be listed in the order in which it's received, followed by the corresponding Senior Key Persons, Additional Equipment,

and Budget Justification attachments before the next subaward/consortium budget is displayed.

Each Subaward should follow same display as Project RR Budget.

2.8 Special Considerations for the Personal Data Page

The Personal Data Page should not be generated as part of the grant image.

2.9 Special Considerations for Specific Submission Types

2.9.1 SBIR/STTR submissions

When the SBIR/STTR Information Page has been included, several changes need to be made in the grant image, as follows:

- Include an entry for SBIR/STTR Information before the PHS-398 Cover Page, in both the Table of Contents and the bookmarks.
- Some submissions will include a ‘Research and Development Outside the U.S.’ page. This should be listed after the SBIR/STTR Information Page in both the Table of Contents and the bookmarks.
- Phase II and Fast Track submissions will include a Commercialization Plan attachment. This should be listed after the ‘Research and Development Outside the U.S.’ page (or the SBIR/STTR Information Page if no ‘Research and Development Outside the U.S. page’ has been included) in both the Table of Contents and the bookmarks.
- If a Prior SBIR Phase II Awards attachment is included, it should be listed after the Commercialization Plan (or the SBIR/STTR Information Page or ‘Research and Development Outside the U.S.’ page if no Commercialization Plan has been included) in both the Table of Contents and the bookmarks.

2.9.2 Conference Grant (R13) Submissions

When an application is submitted in response to a funding opportunity where the activity code is ‘R13’ or ‘U13’, the section ordinarily titled Research Strategy should be titled ‘Conference Plan’ instead, both in the Table of Contents and in the bookmarks.

2.9.3 R25 Submissions

When an R25 submission is received, the section ordinarily titled Research Strategy should be titled ‘Research Education Program Plan’ instead, both in the Table of Contents and in the bookmarks.

2.9.4 Construction Grant (C06, UC6, or G20) Submissions

When an application is submitted in response to a funding opportunity where the activity code is ‘C06’, ‘UC6’, or ‘G20’, several changes need to be made in the grant image, as follows:

- The Construction Budget (424C) will be submitted with these instead of the 424 RR Detailed Budget or the Modular Budget. The Construction Budget should be listed as one entry in the bookmarks and the Table of Contents, in the place where the 424 RR budget would normally be positioned.
- The section ordinarily titled ‘Project Narrative’ (on the Other Project Information component) should be

titled 'Program Narrative' instead, both in the Table of Contents and in the bookmarks.

- The section ordinarily titled 'Project Summary/Abstract (coming on the Other Project Information component) should be titled 'Program Overview' instead, both in the Table of Contents and in the bookmarks.
- The section ordinarily titled 'Equipment' (coming on the Equipment attachment on the Other Project Information component) should be titled 'Table of Fixed Equipment' instead, both in the Table of Contents and in the bookmarks.

The following sections will be submitted as 'Other Attachment' attachments on the Other Project Info page. Bookmark and create Table of Contents entries directly from the file name that is used for each attachment (after removing the file name extension). Position these in the grant image in alphabetical order by file name, following the Table of Fixed Equipment. Some of these will come in on fillable forms and will need to be flattened.

2.9.5 Submissions in Response to VA Opportunities

- For submissions in response to VA opportunities, the 'Other Attachments' attachments will be submitted in a specified format.
- Place bookmarks in the order of the numbers that are at the front of the file name provided. If any attachments are submitted without numbers at the front of the file name, place them in random order after the correctly labeled attachments.
- The bookmark name and Table of Contents entry for each attachment is listed in parentheses below:
 - 01_VA_Intro.pdf (Introduction to Revised Application)
 - 02_VA_Specific_Aims.pdf (Specific Aims)
 - 02a_VA_Research_Plan.pdf (Research Plan)
 - 02b_VA_Career_Plan.pdf (Career Plan)
 - 02c_VA_Mentoring_Plan.pdf (Mentoring Plan)
 - 03_VA_Prog_Report_Pubs.pdf (Progress Report Publication List)
 - 04_VA_Human_Subjects.pdf (Human Subjects)
 - 05_VA_Animals.pdf (Vertebrate Animals)
 - 06_VA_Multiple_PI.pdf (Multiple PI Leadership Plan)
 - 07_VA_Agreements.pdf (Agreements)
 - 08_VA_Director_Letter.pdf (VA Medical Center Director Letter)
 - 08a_VA_R_D_Committee_Letter.pdf (VA R&D Committee Letter)
 - 08b_VA_Letters_of_Support.pdf (Letters of Support)
 - 09_VA_Checklist.pdf (Checklist)
 - 10_VA_Appendix_1.pdf (Appendix 1)
 - 11_VA_Appendix_2.pdf (Appendix 2)
 - 12_VA_Appendix_3.pdf (Appendix 3)
- For VA applications, the title on the Table of Contents should read '424 R&R'.

2.9.7 Training Grant Submissions

For submissions in response to Training Grant opportunities, the 'Data Tables' attachments on the PHS 398 Training Program Plan will be submitted in a specified format.

The system should recognize user generated bookmarks provided in the attachment and insert those bookmarks in the Grant image, such as”

- Data Tables
 - Table 1
 - Table 2
 - Table 3
 -

* For grant image, bookmark should be set based on whether this is a new (should show Preliminary Studies) or a resubmission or renewal (should show Progress Report).

2.15 Special Considerations for the PHS398-Training Program Plan

If attachments have been included for the PHS398 Training Program Plan Form, include a page in the grant image for the page, with attachments listed on the page.

The following attachments should be included in the grant image (when they are included in the submission), in the order listed below.

- PHS398 Training Program Plan
- Introduction to Application
- Program Plan
- Plan for Instruction in the Responsible Conduct of Research
- Plan for Instruction in Methods for Enhancing Reproducibility
- Multiple PD/PI Leadership Plan
- Progress Report
- Participating Faculty Biosketches
- Letters of Support
- Data Tables (also see Training Grant special considerations)
- Human Subjects
- Data Safety Monitoring Plan
- Vertebrate Animals
- Select Agent Research
- Consortium/Contractual Arrangements

The appendix attachments should be generated as separate images in the grant folder, not as part of the grant image.

The format of the grant folder link should be the user provided filename pre-pended with 'Appendix #:'

Example:

Appendix: appendix attachment filename
Appendix 2: appendix attachment filename
....
Appendix 10: appendix attachment filename

2.16 Special Considerations for the PHS398 Training Budget Pages

The Budget Justification attachment should be generated after the last year of the budget, since there is only one Budget Justification for all years of the budget.

Any budgets that are received with a type of 'subaward/consortium' should be placed in the grant image after the 'project' budget and cumulative budget pages, with a Table of Contents and bookmark entry for 'PHS398 Training Consortium Budget'. Each subaward/consortium budget should be listed in the order in which it's received (which may differ from the order in which it was submitted on the Adobe form), followed by the corresponding Budget Justification attachment before the next subaward/consortium budget is displayed.

Each Subaward should follow same display as Project Training Budget.

2.17 Special Considerations for the PHS Inclusion Enrollment Report form

If PHS Inclusion Enrollment Report form is included, it should be placed in the grant image as part of the Research Plan section. Refer to PHS-Specific Research Plan Page, PHS 398 Career Development Award Supplemental and PHS Fellowship Supplemental form special considerations sections to view the exact placement of the form.

2.18 Style and Layout

For samples style and layout considerations, please consult the following sample pages, as extracted from the grants.gov 424 RR application kit and followed by the PHS-specific application kit (sample pages for attachments are not included). Taken together with the other discussion found in this section, these samples illustrate the approximate format and composition of each section of the grant image being rendered. Please note these samples are only accurate for a particular version of the schema.

TRAINING SUBAWARD BUDGET ATTACHMENT(S) FORM

Instructions:

On this form, you will attach the PHS 398 Training Budget forms for all subawards in your grant application.

The means to obtain a training subaward budget attachment is provided here on this form, using the button below. In order to extract, fill, and attach each additional training subaward budget form, simply follow these steps:

- Select the button labeled "Select to Extract a Training Subaward Budget Attachment", which appears below.
- Save the file using a descriptive name, that will help you remember the content of the supplemental form that you are creating. When assigning a name to the file, please remember to give it the extension ".pdf" (for example, "Training_Subaward_Budget_MyOrganization.pdf"). If you do not name your file with the ".pdf" extension you will be unable to open it later, using your Adobe Acrobat Reader software.
- Using the Open icon in Adobe Acrobat Reader, open the new form that you have just saved.
- Enter the subawardee's training budget information, in this supplemental form. It is essentially the same as the PHS 398 Training Budget form that you see in the main body of your application.
- When you have completed entering information in the supplemental form, save it and close it.
- Return to this "PHS 398 Training Subaward Budget Attachment(s)" form.
- Attach the saved supplemental form, that you just filled in, to one of the "Attach Training Subaward" blocks provided below.

Select to Extract a Training Subaward Budget Attachment

Important: Please attach Training Subaward Budget forms, using the blocks below. Please remember that the files you attach must be PHS 398 Training Budget PDF forms, which were previously extracted using the process outlined above. Attaching any other type of file may result in the inability to submit your application to Grants.gov.

2.21 Missing Attachments

If an attachment type is not provided, then there shall be no allowance in the grant image, and no bookmark created, for that section. In other words, if an attachment such as “Protection of Human Subjects” is not submitted for the research plan, do not create an empty section and bookmark for it. Only include sections for which attachments were submitted, and only provide bookmarks for those.

2.22 Total Direct Cost less consortium F&A

The Total Direct Costs Less Consortium F&A’ will be added as a separate page after all Subawards in the grant image for:

- NIH applications ONLY,
- Submissions with the RR Budget (5Yr. or 10Yr.) and at least one RR Subaward budget,
- Excluding submissions to Training Programs (T15, T32, T34, T35, T36, T37, KM1, K12, D43, D71, U2R, T01, T02, T03, T14, T42, T90, T90/R90, TU2)
- Excluding submissions to Career Development (K01, K02, K05, K07, K08, K18, K22, K23, K24, K25, K26, K99, K99/R00)

The calculation will be as follows:

R&R Budget subtotal direct costs Calculation

Subtotal Direct Costs = Total Direct Costs (A-F) *minus* the sum of Total Indirect Costs for all budgets for the corresponding year with budget type ‘subaward/consortium’

Display the Total direct costs less consortium F&A for each budget period as shown below:

Total direct costs less consortium F&A

NIH policy ([NOT-OD-05-004](#)) allows applicants to exclude consortium/contractual F&A costs when determining if an application falls at or beneath any applicable direct cost limit. When a direct cost limit is specified in an FOA, the following table can be used to determine if your application falls within that limit.

Category	Budget Period1	Budget Period2	Budget Period 3	Budget Period 4	Budget Period 5	TOTALS
Total direct costs less consortium F&A	0	0	0	0	0	0
