

Summary of Changes in November 2010 eSubmission Software Release

The November eSubmission software release is scheduled to be deployed to production on Thursday, November 18.

This release will:

- Support the eRA system's incorporation of the modified PHS Fellowship Supplemental Form, PHS 398 Career Development Award Supplemental Form, and PHS 398 Research Training Program Plan (new validations).
- Provide capability to accept single project U01 applications electronically (timing of transition of U01 to eSubmission not yet determined).
- Limit the SBIR/STTR Commercialization Plan to 12 pages (revised validations).
- Downgrade the Contact Person E-mail validation to a Warning and automatically populate the field with the AOR's e-mail address, if the Contact Person's e-mail address is missing or invalid.

Enhancement	Description
SF 424 (R&R) Cover Component – Contact person e-mail	Update rule 1.22.1 from Error to Warning: New message: The e-mail address for the Person to Be Contacted, listed on the SF 424 (R&R) Cover Component, was not included.
