DEAR OFFICE OF SCIENCE POLICY COMMENTS:

AS IS KNOWN, IT IS EASY TO BE NEGATIVE, BUT 1ST WE ARE  
CALLED TO KNOW THE FACTS ABOUT A ISSUE, ESPECIALLY ONE THAT IS  
LOADED WITH CONSEQUENCES THAT ARE ABNORMAL, AGAINST THE  
GOOD MORAL ORDER, THE VERY REVEALED BIBLE, 1ST 2 PAGES, THE  
CREATION OF MAN, SO BEAUTIFULLY ENDOWED WITH MIND, WILL,  
MEMORY & CONSCIENCE, & FOLLOWED BY ANIMALS.

IN THE SEMINARY, I TOOK 4 YEARS OF GREEK, WELL MENTIONED IN  
MY WEBSTER'S 7TH NEW COLLEGIATE DICIONARY. YES, SCIENCE HAS  
ITS VALID PLACE THROUGHOUT HISTORY, BUT IT IS NEVER A " SACRED  
COW". THE CREATOR DIDN'T MAKE " JUNK". I AM AFRAID THAT TOO  
MANY OF OUR GOOD STUDENTS, THINK " SCIENCE" IS THE ANSWER TO  
EVERY THING, SO RELIGION, FAITH, ETC. IS LOSING OUT.

SOME THOUGHTS ON THE ISSUE, BEFORE SEEKING TO FUND HUMAN-  
ANIMAL CHIMERA RESEARCH.

HUMBLY & GRATEFULLY  
SUBMITTED,

FR JOHN SHAW
