NIH SBIR/STTR Presubmission Update Webinar

March 6, 2014

Matthew Portnoy, Ph.D.
SBIR/STTR Program Coordinator
Office of Extramural Research, NIH
Agenda

• NIH SBIR and STTR Overview
• Registration and Submission Requirements
• Common Submission Errors and Tips
• Finding SBIR and STTR Solicitations
• Budget Hard Cap Updates
• VC SBIR Participation
• Switching between SBIR and STTR
• SBIR Direct Phase II

***This is NOT an SBIR 101 Webinar***
Overview of NIH’S SBIR/STTR Programs: 
http://sbir.gov/content/sbir-webinars-posted-online

This webinar will be posted online in the coming weeks. Check the NIH SBIR/STTR homepage: 
http://sbir.nih.gov
SMALL BUSINESS INNOVATION RESEARCH (SBIR) PROGRAM 2.8%
Set-aside program for small business concerns to engage in Federal R&D – with potential for commercialization.

SMALL BUSINESS TECHNOLOGY TRANSFER (STTR) PROGRAM 0.40%
Set-aside program to facilitate cooperative R&D between small business concerns and U.S. research institutions – with potential for commercialization.
SBIR/STTR Budgets by Agency, FY2012

~ $2.4B in FY12 across all agencies

To seek fundamental knowledge about the nature and behavior of living systems and the application of that knowledge to enhance health, lengthen life, and reduce illness and disability.
Agenda

- NIH SBIR and STTR Overview
- **Registration and Submission Requirements**
- Common Submission Errors and Tips
- Finding SBIR and STTR Solicitations
- Budget Hard Cap Updates
- VC SBIR Participation
- Switching between SBIR and STTR
- SBIR Direct Phase II
High Level Process Overview

Find and download announcement, instructions and form package.

Prepare application per institution & agency guidelines.

AOR submits application to Grants.gov.

eRA downloads application and verifies compliance.

PI/SO check submission status and view assembled application in eRA Commons.
Five Step Registration Process

Start Early – Registration can take 6 - 8 weeks!

2. **SAM.gov:** [http://1.usa.gov/1ekYe4O](http://1.usa.gov/1ekYe4O)
3. **Grants.gov:** [http://1.usa.gov/1mHsAEa](http://1.usa.gov/1mHsAEa)
   – Federal-wide portal to find and apply for Federal grant funding
4. **eRA Commons:** [http://1.usa.gov/134CHb4](http://1.usa.gov/134CHb4)
   – NIH’s system that allows applicants, grantees and Federal staff to share application/grant information
5. **SBA Registry:** [http://1.usa.gov/NxcSLK](http://1.usa.gov/NxcSLK)
   – Must register and attach proof of registration to your application.
All SBIR and STTR applicants are required to register with the SBA Company Registry Database

- [http://www.sbir.gov/registration](http://www.sbir.gov/registration)
- Applies to all HHS SBIR/STTR programs, including NIH, CDC, FDA, and ACF

Attach proof of registration in the Other Project Information, Other Attachments section of the application

- See section IV.2 of your FOA instructions for details
Help Desks

**eRA Commons Help Desk**

- Web: [http://1.usa.gov/1eFqBGq](http://1.usa.gov/1eFqBGq)
- Phone: 1-866-504-9552
- TTY: 301-451-5939
- Hours: Mon-Fri, 7a.m. to 8 p.m. ET

**Grants.gov Contact Center**

- Toll-free: 1-800-518-4726
- Hours: 24x7 (Except Federal Holidays)
- Email: support@grants.gov
• NIH SBIR and STTR Overview
• Registration and Submission Requirements
• **Common Submission Errors and Tips**
• Finding SBIR and STTR Solicitations
• Budget Hard Cap Updates
• VC SBIR Participation
• Switching between SBIR and STTR
• SBIR Direct Phase II
Corrective submissions must be made BEFORE the submission deadline and overwrite previous submissions.

• Errors stop application processing and must be corrected

• Warnings do not stop application processing and are corrected at the discretion of the applicant
The top five eRA Commons errors account for approximately 80% of the total errors.
Most Common Error #1

- Each Senior/Key Person listed must include effort of value $> 0$ in calendar months, or academic and summer months.
  - It’s okay to put 0 dollars (no salary), but NOT 0 effort.

<table>

</tbody>
</table>

9. Total Funds requested for all Senior Key Persons in the attached file

Additional Senior Key Persons: [ ]
All application attachments must be in PDF format

- Use simple PDF-formatted files (no Word files)
  - Do not use Portfolio or similar feature to bundle multiple files into a single PDF
  - Disable security features such as password protection
- Keep file names to 50 characters or less and use only letters, numbers, underscore, hyphen, space and period
- Use meaningful filenames
- Do not include headers or footers
  - Section headings as part of the text (e.g., Specific Aims, Background & Significance) are encouraged
- Follow guidelines for fonts and margins

PDF Guidelines:
### Most Common Error #3

**eRA Commons username must be supplied in the Credential field of Sr/Key Person Page**

For multiple PD/PI applications, select the PD/PI role for each PI and provide their eRA Commons username in the Credential field of Sr/Key Person Page

---

**Enter PI Commons Username**

**Select PD/PI role for each PI**
Most Common Error #4

NIH requires the Organization name for all Sr/Key listed.

Form pre-populates for PI, but NOT other key personnel.
Most Common Error #5

- If box 1=Application and box 8=New, then leave blank
- If box 1=Changed/Corrected and box 8=New, then enter previous Grants.gov tracking number
- Otherwise, use Institute and serial # of previous NIH grant/app (e.g., use CA987654 from 1R01CA987654-01)

See Application Guide for definition of application types
Most Important Piece of Advice

• Talk to an NIH Program Officer about your application and SUBMIT EARLY (days not hours and minutes)!
  – Program Officer contact information found in the NIH SBIR/STTR Solicitation on http://sbir.nih.gov
  – Questions about who to contact? Email sbir@od.nih.gov

http://grants.nih.gov/grants/funding/sbir_announcements.htm
All NIH FOAs are cross posted on SBA’s SBIR Website: [http://sbir.gov](http://sbir.gov)

NIH standard due dates: April 5, August 5, December 5

Standard AIDS/AIDS-relates due dates: May 7, September 7, January 7

**Because April 5, 2014, falls on a Saturday, the next upcoming deadline will be Monday, April 7, 2014**
Which FOA is best for you?  
SBIR vs STTR?  
Phase I vs Fast-track vs Direct  
Phase II?

**Contact your NIH SBIR/STTR Program Officer!**
Agenda

- NIH SBIR and STTR Overview
- Registration and Submission Requirements
- Common Submission Errors and Tips
- Finding SBIR and STTR Solicitations
- **Budget Hard Cap Updates**
- VC SBIR Participation
- Switching between SBIR and STTR
- SBIR Direct Phase II
Reauthorization required that budgets over the hard cap ($225,000 for Phase I and $1,500,000 for Phase II) Agencies (not applicants) apply for waiver from SBA.

SBA has recently approved a topics list, which allows budgets to exceed the hard caps as long as the project topics are on the list.

Pre-approved topics list is Appendix A in regular topics document: [http://1.usa.gov/1iUa5Kh](http://1.usa.gov/1iUa5Kh).
• The approval is good for the 2014 SBIR/STTR Omnibus, and any FOA that falls on the topic list, including the Direct Phase II FOA.

• This pre-approved topics list will be updated annually.

**Contact your NIH SBIR/STTR Program Officer!**
• NIH SBIR and STTR Overview
• Registration and Submission Requirements
• Common Submission Errors and Tips
• Finding SBIR and STTR Solicitations
• Budget Hard Cap Updates
• **Venture Capital SBIR Participation**
• Switching between SBIR and STTR
• SBIR Direct Phase II
Venture Capital Companies

• Small business concerns that are majority-owned by multiple venture capital operating companies (VCOCs), hedge funds and/or private equity firms ARE NOW ELIGIBLE to apply (NIH SBIR only).

• SBIR and STTR VCOC forms available at: http://grants.nih.gov/grants/forms.htm#sbir
  te: SBIR VCOC form also used for SBIR contracts
VC Case Study:

- A small business is 54% owned by a single VC and 12% owned by another VC. In the coming months, the small business expects to lower their 54% ownership to below 50%.

Are they eligible to apply for the upcoming deadline?
VC Case Study:

- Yes, as long as the small business meets the eligibility requirements of being less than 50% owned by a single VC firm by the time of award (not submission)

- Currently, the small business IS NOT eligible since the SBC is majority owned by a single VC firm

- Link to eligibility criteria for SBIR: http://grants.nih.gov/grants/guide/pa-files/PA-14-071.html#_Section_II._Award_1

Would they need to fill out a VOCC form?
VC Case Study:

• No, not with the application since the company is **not** majority multiple VC-firm owned.

• Only fill out a VOCC form if the company is **majority owned by more than one** VC firm, hedge fund and/or private equity firm.

• However, if the SBC goes under 50% owned by the VC, the SBC would need to reevaluate after their equity distribution to see if they are now majority VC owned.
Agenda

- NIH SBIR and STTR Overview
- Registration and Submission Requirements
- Common Submission Errors and Tips
- Finding SBIR and STTR Solicitations
- Budget Hard Cap Updates
- Venture Capital SBIR Participation
- **Switching between SBIR and STTR**
- SBIR Direct Phase II
NIH SBIR/STTR applicants may now ‘switch’ programs at Phase II or Phase IIB to any active NIH SBIR or STTR solicitation.

Which means:

- Phase I STTR Awardees may apply for NIH SBIR or STTR Phase II
- Phase I SBIR Awardees may apply for NIH SBIR or STTR Phase II
- Phase II STTR Awardees may apply for NIH SBIR or STTR Phase IIB
- Phase II SBIR Awardees may apply for NIH SBIR or STTR Phase IIB

Note that not all NIH Institutes and Centers accept Phase IIB applications. Check the Omnibus Topics document for listing.

Helpful Tips:

• Must follow program rules (PI, % effort, sub-contracting, etc.)

• No special instructions or requirements from applicants

• NOT-OD-14-048: http://1.usa.gov/1nWAsjg

• Applicants are strongly advised to discuss this option with their program officer well in advance of any due date.
• NIH SBIR and STTR Overview
• Registration and Submission Requirements
• Common Submission Errors and Tips
• Finding SBIR and STTR Solicitations
• Budget Hard Cap Updates
• Venture Capital SBIR Participation
• Switching between SBIR and STTR
• **SBIR Direct Phase II**
• Allows small businesses that are ready for the Phase II stage of development to bypass applying for a Phase I grant.

• The SBC must already have a technology prototype, and must have tested its feasibility (i.e. completed Phase-I-type R&D) to move directly into a Phase-II-type R&D.

• Pilot SBIR Direct to Phase II Solicitation – it’s own SEPARATE FOA: **PAR-14-088**.

• *Note: Not all ICs will accept Direct Phase IIs – only the ones listed on the solicitation. SBCs cannot apply for a Phase II and Direct Phase II for the same research project.*
• All ICs on the Direct Phase II FOA will accept technology on **anything** within their mission. *Note: NINDS has a few exceptions listed within the FOA.*

• Applicants are **strongly advised** to talk to their SBIR Program Officer before applying.

• Some ICs may issue their own separate Direct Phase II FOA/s in the future.
• A Direct Phase II is **not** a Phase IIB!

• No due dates past 12/5/2016 standard date.

• The Direct-to-Phase II authority is **not** available to the STTR program and **not** available for the CDC, FDA, and ACF SBIR programs.
How is a Direct Phase II different than a fast-track?

• A FT incorporates a submission and review process in which both Phase I and Phase II grant applications are submitted and reviewed together as one application

• Intended to reduce or eliminate the funding gap between phases

Which one is right for you?

• Talk to your SBIR Program Officer!
What is the review process?

• Application goes to NIH Center for Scientific Review.

• Application is assigned a small business study section (http://1.usa.gov/1eL6koM).

• Review staff have guidance on the new FOA,

• It’s too early to know the volume or the success rate!
Summary

• NIH’s SBIR and STTR Programs are getting more flexible (and complicated) as a result of the Reauthorization.
  – Increased set-aside percentages
  – See what changes have been made and are coming up: http://1.usa.gov/1eGSWxI

• If you have questions – contact your SBIR/STTR Program Officer or email sbir@od.nih.gov.

• Work with your state SBDC (http://1.usa.gov/1d0Z4TB) or SBA District Office (http://1.usa.gov/1a7dAd3).
What is a Women-Owned Small Business?

• A firm must be at least 51% owned and controlled by one or more women, and primarily managed by one or more women (who must be US citizens).

• The firm must be “small” in its primary industry in accordance with SBA’s size standards for that industry.

• SBCs self certify on the SF 424 (R&R) Form.

• [http://1.usa.gov/1d10b5q](http://1.usa.gov/1d10b5q)
What is a Socially and Economically Disadvantaged Business (SDB)?

• The firm must be 51% or more owned and control by one or more disadvantaged persons.

• The disadvantaged person or persons must be socially disadvantaged and economically disadvantaged,

• The firm must be small, according to SBA’s size standards.

• You must self-certify by registering your business in the System for Award Management.

• [http://1.usa.gov/1mKnU0a](http://1.usa.gov/1mKnU0a)
